Intermountain Healthcare – Lake Park Auditorium

4646 W. Lake Park Blvd., Salt Lake City, UT 84120

\$50.00 (members), \$65.00 (non-members) – 7.5 CPE hours

- |                  |   |
|------------------|---|
| 8:00 – 8:30 am   | <b>Continental Breakfast</b>  |
| 8:30 – 9:00 am   | <b>Opening and Chapter Business</b>   |
| 9:00 – 10:00 am  | <b>Aligning Health Care Reform with Rational Decision Making</b> <ul style="list-style-type: none"><li>• <b>David Cherrington, Professor of Organizational Behavior, Brigham Young University</b></li><li>• The current incentives in the health-care industry are not aligned to produce the most efficient and affordable services due to incentives that encourage unnecessary usage, the threat of malpractice lawsuits, and false assumptions about insurance. In this session, David Cherrington will examine whether healthcare reform rewards stakeholders for doing things that contribute to society by making health care more efficient, affordable, and effective.</li></ul> |
| 10:00 – 10:00 am | <b>Introduction to the new Utah Office of Inspector General</b> <ul style="list-style-type: none"><li>• <b>Lee Wyckoff, Utah Medicaid Inspector General</b></li><li>• In August 2011, the Office of the Inspector General was created in Utah after a string of audits identified millions of dollars that could be saved each year through closer scrutiny of Medicaid claims. Lee Wyckoff, who was appointed the state's first Medicaid Inspector General, will discuss the mission of his new role and talk about audits and other strategies that will be used to identify and eliminate the waste and abuse in the Medicaid program.</li></ul>                                       |
| 11:00 – 11:15 am | <b>Break</b>  |

11:15 – 12:30 pm

**Washington Update**

- **Ann King White, Partner, BKD**
- To ensure proper payments in the face of the constantly changing Medicare program, healthcare organizations need to be up-to-date on the federal regulations that influence payments through prospective payment systems for hospitals and other providers. In this session, Ann King will provide a Medicare prospective payment system regulatory and legislative update to help health care organizations secure appropriate payments.

12:30 – 1:30 pm

**Lunch**

1:30 – 2:30 pm

**Disaster Preparedness: Lessons learned from Joplin, Missouri**

- **Mercy Net Health System**
- On May 22, 2011, St. John's Medical Center in Joplin, Missouri, part of Mercy Health System (a Catholic non-profit health care organization that serves communities in the Midwest), sustained significant damage inflicted by one of the country's deadliest tornados. In this session, Mercy Net will discuss their disaster preparedness exercises that saved hundreds of lives and describe the lessons learned from that experience that can help healthcare organizations be better prepared for a disaster.

2:30 – 2:45 pm

**Break**

2:45 – 4:00 pm

**The Q-Nexus as the Applied Theory of Everything: The Integration of Resilience and Integrative Health**

- **Glenn Richardson, Director of Graduate Studies in the College of Health Promotion and Education, University of Utah**
- The answer to what people really want in life in terms of health and happiness can be found within the applications of the four waves of resiliency inquiry. In this session, Glen Richardson will describe the four waves of resiliency inquiry and how each of the waves can help individuals thrive through adversity and can increase business productivity, job satisfaction, self esteem, and reduce presenteeism.
